# Welcome to Tipton Training

Europe's largest private post graduate dental training provider, offering a range of Level 7 dental courses to help you excel in your dental career!

At Tipton Training we provide quality assured, Level 7 Qualifications for qualified dental professionals seeking to amplify their skill set, increase their confidence and provide high-quality dentistry to their patients. Founded by Professor Paul Tipton in 1991, Tipton Training have been pioneering dental education for over 30 years, and are the first to recognise how great education can empower dentists. During this time, we have successfully trained over 5,000 dentists and this number continues to rise year after year.

By drawing on the experience of our talented and highly experienced team of tutors, we help dentists like you benefit from a structured career path and a supportive mentorship network. Our aim is to bolster confidence and self-assurance among our delegates while imparting excellence in dental techniques that can be immediately applied in practice the very next day.

All Tipton Training courses are Level 7 qualifications accredited by EduQual, an established UK awarding body offering a range of qualifications. Tipton Training Academy were the first training company to achieve this level of accreditation in 2017.

We are very proud that Tipton Training Academy are the first and only private dental training institution to be recognised and accredited by the Royal College of Surgeons of England. Centre accreditation is an award of excellence in recognition of outstanding surgery-related educational provision and provides reassurance of a high-quality learning experience.

# About Our Founder, Professor Paul Tipton

BDS, MSc, D.G.D.P RCS, Dip Rest Dent, Dip Imp Pros, Dip Pros, Dip Aesth Dent, FCGDent. Specialist in Prosthodontics. Visiting Professor of Restorative and Cosmetic Dentistry, City of London Dental School.

Professor Tipton is an internationally acclaimed Prosthodontist who has worked in private practice for over 36 years. He is the founder of Tipton Training Academy, Europe's largest private post graduate dental training academy. Beyond his clinical expertise, Professor Tipton is a passionate and inspirational speaker, drawing on his extensive wealth of experience and knowledge. His dedication to training dentists spans over three decades and can be demonstrated by the significant influence he has had on the landscape of dental education.

## Awards & Achievements:

- In November 2022 Professor Paul Tipton won the Kimberley Finlayson "Lifetime Achievement Award" in recognition for his outstanding contributions to private dentistry and dental education, solidifying his status as leader in the field.
- Amongst the few awarded the "Dentistry's Top 50 Dentists 2022".
- Voted one of the "World's Top 100 Doctors in 2021" by the Global Summits.
- Awarded "Top 3 Dentists" in Aesthetic Dentistry's 25 poll in November 2012.
- Voted one of the "Most Influential Dentists in the UK" by his peers in Dentistry Magazine in 2013.

# What Sets TTA Apart?

## Pioneering Dental Education for over 30 Years

For over 33 years we have proudly led the way in post graduate dental education. During this time, we've helped over 5,000 dentists enhance their skills and strengthen their confidence in dentistry.

## Setting the Bar High with RCSEng Recognition

TTA is the first and only private dental training centre to attain prestigious accreditation from the Royal College of Surgeons of England, reflecting our unwavering commitment to excellence.

## Gain Level 7 Accredited Qualifications

TTA courses are all accredited Level 7 programmes, which assure top-tier quality through rigorous external review by EduQual, an established UK awarding body.

## Learn from Experts in the Industry

Learn from Professor Tipton & his carefully selected faculty of accomplished dentists, all of which have a distinguished reputation in the industry & have extensive experience in dental practice.

## Receive Continuous Mentorship & Support

Consistency in mentors is vital at TTA. It facilitates ongoing progress tracking, fosters trust and rapport, and allows for tailored mentorship and career guidance.

## Out-Of-Hours Support

We encourage our delegates to seek advice and guidance on any intricate cases. Our mentors dedicate substantial effort outside class hours to provide comprehensive guidance & mentorship.

## Re-Attend Theoretical Days FOC

We invite our delegates to re-attend any of the theory days, as many times as you need, at absolutely no extra cost. This is especially valuable for grasping the more intricate subjects such as Occlusion.

## Fast Track Your Master's Degree

Complete the Diploma in Restorative Dentistry to gain automatic entry into the MSc course at Plymouth University, comprising only a 1-year part time distant learning dissertation.

## Access to Over 200 Scientific Papers & Webinars

Gain access to an extensive library of scientific papers, online webinars & instructional video demonstrations to ensure you are fully equipped with all the necessary tools to succeed.

# TTA's Course Portfolio

## What is a Level 7 Course?

TTA's Certificates and Diplomas are all level 7 vocationally-related qualifications accredited by EduQual, an established UK awarding body offering a range of qualifications. Attaining a Level 7 qualification allows you to put post nominals after your name, but only if Level 7.

A Level 7 Certificate course has multiple units (usually between 4 to 6) and are usually completed within a year. Each unit has specific learning outcomes which are assessed regularly through multiple choice questionnaires, reflective write-ups and structured feedback on hands-on work.

Upon completion of a Tipton Training Certificate or Diploma course and the assessments involved, delegates will receive a Level 7 Certificate / Diploma awarded by EduQual and accredited by the Royal College of Surgeons of England. The learning outcomes will also be evidenced by a transcript including the units covered and the credits awarded for each unit.

Whilst the dental industry has several private training organisations offering post graduate training programmes, the vast majority are not accredited by established UK awarding bodies. Few other private dental training companies offer this Level 7 qualification.

## TTA Courses:

### Level 7 Certificates

- ✓ Restorative Dentistry
- ✓ Operative Dentistry
- ✓ Aesthetic Dentistry
- ✓ Dental Implantology
- ✓ Advanced Dental Implantology

### Learn-Practice-Reflect-Perform

At Tipton Training Academy we follow the 'Learn-Practice-Reflect-Perform' philosophy. Delegates learn through face-to-face teaching, education of scientific papers, webinars and other reading materials provided on the course. Assessments are carefully crafted to let delegates practice and reflect on their education.

It is our belief that by learning, practicing, and then reflecting on their learning and practical work, delegates will be in the best position to perform when it comes to patient treatment.

### Level 7 Diplomas

- ✓ Prosthodontics
- ✓ Aesthetic Dentistry
- ✓ Restorative Dentistry
- ✓ Implant Prosthodontics
- ✓ Dental Implantology

### Form a Clear Pathway to a Masters Degree

Dentists can also move onto a MSc Degree course at Plymouth University comprising only of a part time dissertation after completing a Diploma with TTA.

"The course provided an excellent level of teaching in areas of dentistry that were taught poorly at undergraduate level. Paul's passion for the topics of occlusion and restorative dentistry shine through and the other lecturers were equally as fantastic. Thoroughly recommend all the courses either to help transition away from NHS dentistry, or to offer a higher level of care to your existing patients."

**Dr X. Howell**, Restorative Course

"Attending the Tipton Course has changed the way I practice my dentistry every day. I'm really glad I went on this course early on in my career, as the teaching has filled many gaps I had in my understanding when I left university. It has provided an excellent foundation to begin to tackle more complex treatment under mentorship and guidance. I feel more confident as a practitioner."

**Dr E. Davison**, Restorative Course

# Level 7 Certificate in **RESTORATIVE DENTISTRY**

**Learn the theoretical, scientific and engineering principles behind restorative dentistry.**

60% Theory, 40% Practical

## Key Course Information:

**Modules:** 15

**Split:** 11 face-to-face days, 4 online

**Duration:** 12-months

**Enhanced CPD:** 66 Hours

**Locations & Start Dates:** Manchester (April 2025), London (April 2025) & Belfast (April 2025).

## Who should do this course?

Aimed at any dentist wishing to improve their clinical work and invest more time into understanding occlusion, stabilising and improving the patients teeth and well-being.

## Benefits:

- ✓ Improve your clinical work.
- ✓ Master the intricacies of Occlusion.
- ✓ Boost your confidence in dentistry.
- ✓ Provide better quality patient care.
- ✓ Learn from experts in the industry.
- ✓ Expand your treatment options.
- ✓ Enhance your job satisfaction levels.

## Course Fees:

**Manchester:** £9,480 (inc VAT)\*

**London & Other Locations:** £9,995 (inc VAT)\*

**One off Registration Fee:** £500 (inc VAT)

Spread the cost of the course over 12-months via interest free direct debits or enjoy 10% off when you pay upfront.\*\*

\*£500 discount for non-level 7 option.

\*\*10% off cannot be combined with other discounts.

This Level 7 qualification consists of 15 modules spread over the course of 1-year via blended learning. There are 11 face-to-face modules involving live theory seminars & practical sessions, and 4 online zooms.

It covers several topics which are fundamental to a dentist's success, including Occlusion. Professor Tipton, our Founder and Clinical Lead on the course, believes Occlusion to be the most important topic in dentistry and therefore it is covered on several days, with all teaching being aimed at occlusal stability, the secret to success.

Under the tutelage of Professor Tipton and his hand-picked team of tutors, you'll hone your restorative techniques with the very latest scientific knowledge and be able to provide comprehensive treatment options to your patients.

## Topics Include:

- Principles of Occlusion
- Occlusal Examinations
- Endodontics
- Zirconia / Emax Preparations
- Posts
- Articulators
- Aesthetics
- Porcelain Veneers
- TMD / Splints
- Adhesion Composites
- Removable Prosthodontics
- Periodontics
- Bridge Design
- Treatment Planning
- Overview of Occlusion

## Choose Between Level 7 or Non-Level 7:

The Level 7 Certificate includes assessments and leads to a qualification accredited by EduQual and RCSEng. The Non-Level 7 option requires no assessments and awards a Certificate of Attendance from Tipton Training, accredited by RCSEng.

**EduQual**

Accredited by EduQual

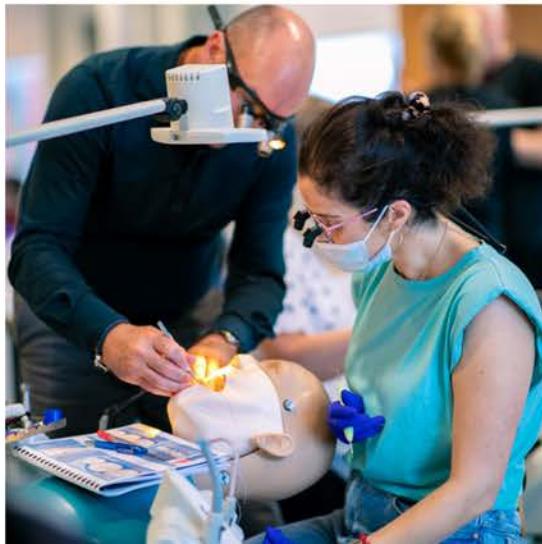

"The Operative course has changed the way I do dentistry. Why is this not taught at dental school? Access to recommended research papers, being encouraged to critique them and having them explained has given me an evidence base to offer my patients. That and the combination of hands on practicals has given me much more confidence to tackle more complex cases."

**Dr N. Marshall**, Operative Course

"This course is ideal for newly qualified dentists, but also for any dentist throughout their career... I wish I would have chosen to attend it much earlier. This course can help any dentist improve their skills, be more certain of their knowledge and take over more complicated cases. Most importantly knowing when and why to refer to a specialist. Best course I have ever attended!"

**Dr C. Dimopoulos**, Operative Course

# Level 7 Certificate in OPERATIVE DENTISTRY

**Increase your clinical skills & develop techniques required to prepare and restore teeth for a wide range of restorative procedures.**

100% Practical, Hands-On

## Key Course Information:

**Modules:** 10

**Split:** 10 face-to-face days & 10 half online days

**Duration:** 12-months

**Enhanced CPD:** 60 Hours

**Locations & Start Dates:** Manchester (April 2025), London (May 2025).

## Who should do this course?

Aimed at dentists who wish to perfect their tooth preparation skills, whilst increasing their confidence and their ability to undertake more complex treatments.

## Benefits:

- ✓ Master your hands-on, clinical skills.
- ✓ Perfect your tooth preparation techniques.
- ✓ Boost your confidence in dentistry.
- ✓ Provide better quality patient care.
- ✓ Receive 1-on-1 feedback from expert dentists.

## Course Fees:

**Manchester:** £8,950 (inc VAT)\*

**London & Other Locations:** £9,450 (inc VAT)\*

**One off Registration Fee:** £500 (inc VAT)

Spread the cost of the course over 12-months via interest free direct debits or enjoy 10% off when you pay upfront. \*\*

\*£500 discount for non-level 7 option.

\*\*10% off cannot be combined with other discounts.

This Level 7 qualification is structured into 10 modules over the course of 1-year, featuring 10 full days of hands-on practical sessions on Phantom Heads. Each in-person session is fully dedicated to practice, ensuring dentists gain essential, real-world skills. Prior to each module, participants also receive access to 3 hours of online lectures and practical demonstrations, to ensure comprehensive learning.

With the use of Phantom Heads you will increase your clinical skills and develop techniques required to prepare and restore teeth for a wide range of restorative procedures, easily implemented into practice straight away.

The ethos of the Operative course is to improve all aspects of Operative Dentistry techniques, increase your confidence and enhance your abilities in Tooth preparation techniques in order to take on more significant restorative cases.

Within a nurtured and mentored environment you will work with Professor Tipton's hand-picked team of demonstrators to practice and perfect techniques related to the below topics...

## Topics Include:

- Bonded Crowns
- Porcelain Veneers
- Ceramic Crowns - Verti Preps
- Ceramic Inlays & Onlays
- Amalgams
- Composite Veneers
- Posterior Composites
- Posts and Cores
- Gold Preparations
- Marylands
- Bridge Preparations

## Choose Between Level 7 or Non-Level 7:

The Level 7 Certificate includes assessments and leads to a qualification accredited by EduQual and RCSEng. The Non-Level 7 option requires no assessments and awards a Certificate of Attendance from Tipton Training, accredited by RCSEng.

"My Tipton Training journey has been the best decision I have made in my career to date. Paul's lectures are packed with crucial information and are delivered in a very engaging way. All the lectures were very engaging, in particular Ash Rayarel. Elaine Halley's Digital Smile Design lectures have given me lots of valuable tools into smile design. It has been the foundation to my postgraduate training."

**Dr D. Mathew**, Aesthetic Course

"The Aesthetic course was well-planned, offering lots of detailed practical insights from the vast professional experience of well known practitioners. After completing this course I became more confident. The course exposes you to all the new advances in aesthetics and the digital dentistry. It's comprehensive hands on learning all in one place from experienced and knowledgeable educators."

**Dr N. Hamadelneil**, Aesthetic Course

# Level 7 Certificate in AESTHETIC DENTISTRY

**Gain insight into the knowledge, methods & tools needed to deliver more advanced cosmetic treatments.**

50% Theory, 50% Practical

## Key Course Information:

**Modules:** 17

**Split:** 12 face-to-face days, 5 online

**Duration:** 12-months

**Enhanced CPD:** 72 Hours

**Locations & Start Dates:** Manchester (April 2025), London (April 2025).

## Who should do this course?

Aimed at seasoned dentists eager to refine their clinical expertise, deepen their understanding of smile design, and harness digital tools to design the ideal smile. Acquire the skills necessary to deliver comprehensive aesthetic treatments that resonate with your patients' desires.

## Benefits:

- ✓ Master advanced cosmetic dental techniques.
- ✓ Plan & execute aesthetic restorations with precision.
- ✓ Tackle complex dental cases with expertise, confidence & competence.
- ✓ Adopt latest advancements in digital dentistry.

## Course Fees:

**Manchester:** £9,480 (inc VAT)\*

**London & Other Locations:** £9,995 (inc VAT)\*

**One off Registration Fee:** £500 (inc VAT)

Spread the cost of the course over 12-months via interest free direct debits or enjoy 10% off when you pay upfront.\*\*

\*£500 discount for non-level 7 option.

\*\*10% off cannot be combined with other discounts.

This Level 7 course consists of 17 modules completed over the course of a year via blended learning. This combines practical face-to-face sessions with online lectures and seminars. 12 days will be face-to-face and 5 online.

The course builds on your existing skills and knowledge for Occlusion and Tooth Preparation. It provides dentists with the knowledge, methods and tools to deliver more advanced cosmetic treatments.

The course will help identify how the techniques in aesthetic dentistry can be best applied to your practice and how to improve the level of satisfaction and happiness of your patients. It is designed to address the increasing demand for cosmetic treatments that not only meet clinical standards, but also cater to the rising desire for aesthetically pleasing dental outcomes among patients.

## Topics Include:

- Smile Design & Lab Communications
- Tooth Anatomy
- Digital Workflow
- Photography & Marketing
- Veneer Preparations
- Bleaching
- Veneer Cementation
- Aesthetic Perio
- Ceramic Inlays & Onlays
- Aesthetics & Orthodontics
- Facial Aesthetics
- Digital Smile Design
- Advanced Composites
- Treatment of Tooth Wear
- Occlusion

## Choose Between Level 7 or Non-Level 7:

The Level 7 Certificate includes assessments and leads to a qualification accredited by EduQual and RCSEng. The Non-Level 7 option requires no assessments and awards a Certificate of Attendance from Tipton Training, accredited by RCSEng.

"Attending the implant course was a truly exceptional experience... The entire team was equally fantastic... Their dedication to ensuring every participant received the best possible experience was remarkable. Thanks to Tipton Training, my implant placement and surgical procedures skills have improved significantly..."

**Dr T. Mazgaj, Implant Course**

"I would like to thank all the Tipton team for the amazing effort and well-organised course. The structural and comprehensive approach to implant dentistry has given me the skills, knowledge, and confidence to be one of the options offered to my patients. I would recommend this course for every dentist willing to start their journey in Implant Dentistry."

**Dr S. Bissasu, Implant Course**

# Level 7 Certificate in **DENTAL IMPLANTOLOGY**

**A live patient course which equips you with the essential knowledge & advanced tools necessary to deliver implant treatments to your patients.**

50% Theory, 50% Practical

## **Key Course Information:**

**Modules:** 14

**Split:** 14 face-to-face days

**Duration:** 12-months

**Enhanced CPD:** 88 Hours

**Locations & Start Dates:** Manchester (March 2025), London (March 2025).

## **Who should do this course?**

Dentists with little or no experience of placing implants who are wishing to increase their skill set to be able to place and restore implants in their own practice. Must be GDC registered!

## **Benefits:**

- ✓ Enhance your clinical skills with hands on learning on live patients.
- ✓ Offer lifetime solutions to your patients.
- ✓ Become equipped to handle real-world implant treatments.
- ✓ Provide evidence based, safe and predictable implant treatments to your patients.

## **Course Fees:**

**Manchester:** £8,950 (inc VAT)\*

**London & Other Locations:** £9,450 (inc VAT)\*

**One off Registration Fee:** £500 (inc VAT)

Spread the cost of the course over 12-months via interest free direct debits or enjoy 10% off when you pay upfront.\*\*

\*£500 discount for non-level 7 option.

\*\*10% off cannot be combined with other discounts.

This Level 7 qualification consists of 14 modules delivered over 12 months in the form of seminars, workshops and live surgical sessions on patients, under the supervision of our expert tutors.

The course combines theory with practical learning, to ensure an all-round and engaging educational experience. As a live patient course there is significant focus on patient selection, identifying suitable implant patients and how to create an optimum treatment plan using checklists & digital treatment planning tools.

During the course there are 8 live patient implant surgery days. These hands-on sessions are designed to equip you with practical experience in implants, enabling you to deliver evidence-based, safe, and predictable treatments to your patients, while enhancing your clinical proficiency.

## **Topics Include:**

- Introduction to Implants
- CBCT Training
- Treatment Planning
- Implant Design
- Anatomy
- Flap Design
- Suturing Techniques
- Implant Surgical Techniques
- Prosthetic Training
- Digital Implant Placement
- Surgical Guides
- Single Tooth
- Overdentures
- Full Arch
- Live Patient Implant Restorations & Surgery
- Advanced techniques

## **Choose Between Level 7 or Non-Level 7:**

The Level 7 Certificate includes assessments and leads to a qualification accredited by EduQual and RCSEng. The Non-Level 7 option requires no assessments and awards a Certificate of Attendance from Tipton Training, accredited by RCSEng.

# Level 7 Certificate in **ADVANCED IMPLANTOLOGY**

**Aimed at dentists who are actively placing implants, who wish to enhance their skills to offer more advanced treatments.**

This course builds on the knowledge gained from the Restorative and Dental Implantology courses, advancing your skills to handle more complex implantology cases. It enhances your confidence and competence in delivering advanced implant treatments to your patients.

**The course is divided into two parts:**

## **Part 1: Online Theory Modules**

Build a strong foundation in advanced dental implantology with our comprehensive online modules, covering the essential theoretical principles. The course includes the below 15 topics which are split into 6 modules:

### **Module 1: Bone & Regeneration**

1. Concentrated Growth Factors
2. Socket Preservation & GBR
3. Sinus Elevation

### **Module 2: Aesthetics**

4. Aesthetics
5. Soft Tissue Management

### **Module 3: Full Rehabilitation**

6. Overdentures
7. All-on-X

### **Module 4: Immediate Rehabilitation**

8. Full Digital Workflow
9. Immediate Loading

### **Module 5: Other Implants**

10. Short Implants
11. Long Implants (Zygoma & Pterygoid)
12. Ceramic Implants

### **Module 6: Problems & Business**

13. Complications
14. Medication
15. Peri-Implantitis

## **Part 2: Practical Implant Placement Options**

Choose one of the following hands-on experiences:

### **Option A: Personalised Mentorship for 15 Additional Cases.**

1-on-1 mentorship for 15 additional cases at either your mentor's clinic or your own practice. The case fee, to be arranged between you and your mentor, will go directly to your mentor.

### **Option B: Intensive Implant Placement Week in Egypt.**

Fast-track your experience by placing 15 implants in just one week in Egypt. This accelerated option offers a unique opportunity for focused learning and rapid skill-building in a hands-on environment.

**Upon completing either option, you'll gain experience with a total of 25 mentored cases.**

## **Course Fees:**

**Part 1: Online Theory** – £3,950 (inc VAT)

### **Part 2 Options:**

- **Option A:** Case fee to be arranged with your mentor.
- **Option B:** £10,000 (also includes flights & accommodation).

## **Who can do this course?**

This course is open to dentists who have completed our year-long Certificates in Restorative Dentistry and Dental Implantology (or similar EduQual accredited courses) and have also received mentoring on at least 10 implant placements.

## **Choose Your Certificate:**

Complete the full year course and the assessments to earn a Level 7 Certificate in Advanced Implantology, accredited by EduQual and The Royal College of Surgeons of England.

Or complete only Part 1 (the online modules) and receive a Certificate in Implant Science (Cert Imp Sci).

# Tipton Training's LEVEL 7 DIPLOMAS

Tipton Training's Level 7 Diplomas are essentially comparable to completing the education associated with 2 or more of our Level 7 Certificates. By opting to complete a Diploma, you can reap the benefits of two or more courses alongside each other and complete them within a substantially shorter duration. While the commitment to a Diploma demands more investment of time per month, the benefits of heightened confidence and the ability to deliver superior quality treatments means delegates can appreciate these inherent advantages sooner in their professional journey.

Plus, by enrolling on a Diploma upfront, you can enjoy significant financial savings through reduced fees. To secure your place on our Diploma courses we require a registration fee of £750 (inc VAT).
